Claudia,

Carl is asking if we could make this meeting earlier this afternoon. Since we cancelled the FBIR FIP meeting, is that possible?

Thanks,
Dee

Can we all meet after the MHA Tribal Consultation Prep meeting for Cindy tomorrow to discuss a conversation I had with Chris Stoneman today regarding the Indian Country O&G FIP? Chris discussed the direction they are now going in response to the comments requesting a gap filling measure in the final that would allow use of the FIP in a NA area until a Reservation-specific NA FIP or other FIP is promulgated? Sounds like they are now reversing their original thought of revising the FIP to allow that (which they had already publically conveyed to Industry and the Tribe was a workable option).
